## National Industry PhD Program - Round 4

Round 4 of the National Industry PhD Program opens for applications 1 July, closing **9 August 2024**.

The program has two streams

- *Industry Linked PhD* - provides a stipend boost and support for PhD candidates to undertake research projects co-designed by universities and industry
- *Industry Researcher PhD* - supports industry professionals to do a PhD while retaining their job and salary in industry.

Once the industry and university partner have developed the research project, applications are to be submitted via the university's Graduate Liaison Office.

At the time of application projects do not need to have a suitable student identified. Currently enrolled students can participate so long as they are within 12 months of commencing their PhD.

## CSIRO - Innovate to Grow DigitTech & AI Apps

Applications are open for the latest CSIRO Innovate to Grow course, closing **21 July 2024**.

Innovate to Grow is a free 10-week online, self-paced learning program for SMEs working on innovative technologies or solutions in DigiTech and AI in Australia.

The program will assist you in:

- Refining your innovation idea and learning how to transform it into an R&D opportunity
- Accessing tools and information for a comprehensive understanding of R&D collaboration and key considerations at each step
- Applying this knowledge to advance your technology or R&D concept
- Gaining industry insights from experts, researchers and your mentor
- Collaborating with like-minded SMEs and expanding your professional network.
